From the Pastor

It has been a great thing to watch new people come and others talk about the things going on at our church over the last month. It is such a joy to see the Lord in so many ways each week and as I have enjoyed baptizing and seeing people come to get food and clothing from our church, I am reminded about how Jesus did so many things to give us the example of giving. He healed numerous people with all types of maladies, feed 4 and 5 thousand people, drove out demons (setting them free), and calming the sea when all seemed lost. Those are just a few of the miraculous things that He did, and He has given us the ability to do many things, as well, through His Spirit as we go through our days. You can be a giver if you are not already giving to the kingdom of God through your everyday activities. Helping others should become a lifestyle for the follower of Christ because He has given us all we need to do that, and our heart should be to use what He gives to bless another person. How are you doing in this area?

It was nice to be able to address some needs that our church has through the business meeting that we had a week ago and let our people know that I am not one to sit around and hope that someone else will get things done. We have a wonderful building and grounds here which I feel like the Lord has given us to use and make sure that we are doing what we need to do to bless those who come to us. One way is to make sure they are feeling wanted here and get the information that they need to have to know what is going on here. That is done at the welcome center when we hand out brochures, a map of our building, a mug with our name on it, and much information that they can use to know who we are as a body of believers here at FBC. We need a place to put this information and having it near the place of entrance is a key part of getting them what they need as they come into our building. We are looking into making sure that the structure is sound if we make a place in the wall on your left as you enter the building from the parking lot. It can be a part of our overall plan to make visitors feel welcome as we are looking to add some visitor parking for those who are seeking a place to park near the door.

We have been talking about the spiritual disciplines which are the activities that we need to be doing according to God’s Word. The first seven have been ones that you know well: prayer, Bible study, worship, serving, sharing the Gospel, fellowshiping, and giving. We will be continuing as we look at the last three over the next few weeks. Hopefully, they are taking root in your thinking and acting since the Lord has told us to do them in His Word; they are the way that we do His will. He did not give them to us to talk about or just to study, He actually wants us to do them and see how He will guide us in each one of them. I will be bringing a message this Sunday after we celebrate the Lord’s Supper (we have individual containers of the bread and the juice that you will receive at the door) that is about how to have faith as a discipline. Our faith is something that we need to exercise each day as we go through our days, and God is pleased with our trusting in Him. I will bring some ways that you can trust the Lord continually and reap the blessing of being in middle of His will in all that you do. It will be a great day as every day is when you make Jesus the focus of your life! See you Sunday.

In Christ,
Pastor Troy
